SIX THOUSAND.

List of Dead Grows Longer as
The Debris Is Cleared Away.

Nearly 2,000 Unidentified Bodies
Burned—One Sixth of The
Population Killed.

Galveston, Tex., Sept. 17.—Of Galveston's population of 38,000, 6000 were killed.

The area of total destruction was 1300 acres.

There were 5000 dwellings, hotels, churches and convents utterly destroyed.

More than 1500 bodies have been burned.

The property loss is not less than \$15,000,000.

One hundred and twenty-five men, most of them negroes, were shot to death for robbing the dead.

Out of this disaster, unparalleled in the history of the nation, Galveston is rising to reclaim her place among the most prosperous of our cities.

Her railroads have pledged themselves to aid in rebuilding the city.

Her merchants are resolute to resume business. Her banks are ready to assist in the re-establishment of commerce and outside capital is flowing in.

The greatest need of the hour is not money, but disinfectants by the ton, so that workmen may bear to work among the ruins.

The Measure of Aid Required.
What measure of aid Galveston requires is here presented:

There were 38,000 persons in the city when the census was taken a few weeks ago. After the storm 32,000 remained. Three thousand have left since.

How many must be helped and how long? The men who know most of the situation, who have lived in it day and night since Sunday, hesitate to answer. Mr. McVeite, the executive head of the relief work, says there are not 3500 people in the city who do not require assistance. Mr. Lowe of the Galveston News says he believes that fully two-thirds of the surviving population are dependent today.

The conclusion is forced that there are today in Galveston over 20,000 people on thereabouts who must be helped.

Those who can stay will do so if the country responds to the needs in anything like the measure given to Johnstown, to Chicago, to Charleston and to other stricken cities and sections.

Everybody Has Gone to Work.

Conditions here continue to improve amazingly fast. The manner in which the country responded, when the magnitude of the tragedy was realized, has lifted Galveston from the depths of depression to the heights of hope.

Everybody is at work. Three thousand men are laboring under command of the citizens' committee on general cleaning. The streets are full of stock from the stores, being dried. Everybody is trying to save something.

Women are making desperate efforts to rescue their household effects, yards are filled with mattresses and clothing, everywhere is evidence of a fixed determination to dry out and rise, squads are at work all over town, cleaning up the debris. One leader has 600 men under him. He gives them food and clothes, and is feeding 3700 persons in his district. Nobody is paid money or expects it.

"They who will not work should not eat," was the principle adopted when the organization was perfected. Today few idle mouths are being fed in Galveston.

The odor of carbolic acid is everywhere. Teams can go through most of the streets gathering up the debris, which is being burned as fast as collected. Delicate care has been taken to burn the human bodies on different pyres from those used for the carcasses of animals. There are 100 of these pyres.

NEW ORLEANS CITIZEN.

Well Known Here, Dies at Waukesha Springs, Wis.

Information concerning the death of Mr. John Bobb, of New Orleans, La., at Waukesha Springs, Wis., was received here Friday by relatives. His death was caused by Bright's disease from which he had been a sufferer for several months.

Mr. Bobb was engaged in the brokerage business in New Orleans and was one of the foremost business men of that city. He was a brother of Mrs. Albert Kelly, of this county, and a nephew of Mrs. Alex Campbell, of this city. He leaves a wife, but no children. He was well known in this city, having frequently visited relatives here.

Miss Emily Bobb, his sister, who had been visiting the family of Esq. Alex Campbell, left Friday evening for New Orleans to attend the funeral.

JULE MERCER.

Unable to Give a Peace Bond and
Sent to Jail.

S. C. Mercer, Jr., was arrested Friday afternoon for making threats against the life of his father. He was arraigned before City Judge Campbell but the case not being ready for trial he was committed to jail for the night. On Saturday he was tried and required to give a peace bond of \$2,500.

In default of bond, he was again sent to jail and was still in jail yesterday afternoon.

EXCHANGED FARMS.

Todd County Planters "Swap"
Near Trenton.

Trenton, Ky., Sept. 15.—Messrs. John T. Evans and E. R. Thompson, prominent planters of near this place, have traded farms and took possession of their new property this week.

The Thompson place of 558 acres adjoins the Evans farm of 278 acres, and it is understood that the "swap" was acre for acre, Mr. Evans paying \$48 per acre for the amount of land in excess of his farm.

CIRCUIT COURT.

Another Pretty Heavy Docket for
Fall Term.

Friday was the last day for filing suits for the Fall term of Circuit Court which convenes in this city next Monday for a session of six weeks. There are 111 new suits, as against 113 for the previous six weeks' term. Of this number thirty-eight are divorce petitions.

There 191 continued equity cases, 73 continued common law cases, and 156 common wealth cases, continued from last term, making 531 cases on the docket.

CAUSED BY CONSUMPTION.

Mrs. J. H. Morgan Dies After
Long Illness.

Trenton, Ky., Sept. 15.—Mrs. Fannie Morgan, wife of Mr. J. H. Morgan, of West Fork, died last Thursday evening of consumption, aged 28 years. She had been in bad health for a year or more and had recently spent some time in Texas, in the hope that she might be benefited by that climate. She was a member of the Methodist church and a most popular lady.

DAWSON SPRINGS.

ARCADIA HOUSE.

Dawson, Hopkins County, Ky.

These celebrated chalybeate and salt springs are situated immediately upon the Louisville and Memphis division of the Illinois Central railroad (formerly Chesapeake, Ohio and Southwestern Railroad,) 165 miles west of Louisville, Ky., and 58 miles east of Paducah, Ky.

The Arcadia House is new and neatly furnished with capacity of entertaining 800 persons. The owners of the hotel are also owners of the Springs and the guests of the Arcadia House have free access to the Springs without extra charge. In addition to the regular hours of July and August there offer many advantages to persons visiting the Springs. The dry and liquid springs are manufactured at these Springs. KENTUCKY CROP REPORT.

Conditions Sept. 1. With Special Reports From Many Counties.

Office of Commissioner of Agriculture, Etc.

Frankfort, Ky., Sept. 3, 1900.—Our report is based on very full and complete replies from nearly every county in the State. Conditions generally are fully up to the conditions reported for August 1, although a severe drought has prevailed in the extreme Western portion and more or less in localities all over the whole Western part of the State. The central and eastern parts have fared better with respect to rains and reports indicate in almost all the bluegrass section improvement in corn, tobacco, pastures, meadows and fruits. But when the improvements set against the loss in Western Kentucky the report for the month does not differ materially from that of August 1st. Live stock generally healthy, with hog cholera in spots. Christian county seems to be about the worst in this respect, some farmers about Casyk having lost heavily. Nelson, Grant, Crittenden and Ohio counties report a low condition for live stock and these, with several other counties, report shortage of stock hogs, bringing the average down to 82, as compared with last year. There has perhaps never been a better outlook for tobacco in the bluegrass and Kentucky river district. Reports indicate condition 90, but if taken for the section mentioned, it would be above 100. It is the "dark" district that pulls down the average condition. Reports indicate that 26 per cent. of the crop was cut Sept. 1, and the work is progressing so rapidly that the planters' absence at political gatherings is noted. The Burley crop is going into the barn in good order.

A few extracts are made from the remarks accompanying the county reports:

Anderson—Stock hogs scarcer than I ever knew. Bluegrass injured by white grub. The grub turned to a beetle and damaged number also.

Allen—Worms are bad on tobacco in last ten days.

Breckenridge—Too much rain early followed by drought; crops are dried up; tobacco cut without being properly matured.

Barren—Corn crop not so good as August 1st, on account of drought; yield will be poor. Tobacco best since 1892.

Caldwell—Hogs and cattle scarce tobacco being cut prematurely.

Bourbon—Excessive rainfall, damaged tobacco on low lands 10 per cent.; worms troublesome. Those who used insect destroyers fared no better than others, as frequent rains destroyed effects of it.

Clark—Quite a percentage of corn blown down and damaged. Pastures better than I ever saw them.

Carlisle—Crops in bad condition for want of rain. Some hog cholera.

Christian—Severe drought, with very hot weather, which has materially damaged corn and tobacco. Much tobacco cut too early to prevent its drying up.

Caldwell—Tobacco has dried at ground until quite a proportion of plants have but four leaves; pastures dried up.

Crittenden—Apples are noticeably good on high bluff lands.

Davies—Tobacco firing badly and being cut prematurely.

Fulton—Corn in low lands total failure; 50 per cent. is a large estimate all round.

Graves—Worms on tobacco worse than for five years. Some tobacco cut green on account of them.

Gallatin—Tobacco crop largest and best in twenty years; stock hogs very scarce.

Hart—Tobacco beginning to house-burn; late crop not good.

Henderson—Some hog cholera; tobacco cut before ripe because of drought.

Kenton—Tobacco damaged by hail; weeds choking the whole country; elm trees all dying from some cause. No prospect for sowing large wheat crop; farmers are quitting sheep raising; stock hogs scarce.

Livingston—Four weeks of drought and heat; corn and late tobacco will be light and chaffy. Peas and sorghum will be fed to stock early.

Lincoln—Wheat averaged about eighteen bushels per acre and sold at sixty-four cents; stock hogs sell-

ing at four to five cents.

Lawrence—This county seldom all corn it needs and always imports flour. Sorghum is up to year average. It is made into syrup largely. One firm handled \$125,000 worth of poultry last year.

Monroe—Hogs have died with cholera and are scarce. Will have to begin feeding stock, as pastures are dried up. Stock peats is a standard crop.

McCracken—Tobacco cutting ten days earlier than intended to prevent its burning up in the fields. Heat and drought injuring corn and fruit.

Marietta—Very little clover will be cut for seed. Large acreage of field peas sown for hay.

Pendleton—Crops improved materially in August. Tobacco is regarded as best crop ever made in the county. Hogs scarce.

Robertson—Dogs have killed many sheep; dog law is wanted.

Taylor—Corn not "earing" out as it should. Stock hogs scarcer than for years.

Summary.

The general summary is as follows:

Corn—Acreage 99, condition 91.

Wheat—Yield compared with ten year, 56 per cent. sold 41.

Oats—Yield, 100.

Barley—Yield, 81 (but few counties reporting.)

Rye—Yield, 90.

Potatoes—Average, 102; condition, 103.

Tobacco—Acreage, 98; condition, 99; per cent. of crop cut September 1st, 26.

Pastures—Condition, 82; meadow, 74.

Cloverseed—76; bluegrass seed, 91.

Live Stock—Condition 95; stock hogs, 82; sheep, 92.

Fruit—Apples, 48; peaches, 74; pears, 68; grapes, 80.

CARLISLE

Says He Will Not Cast His Vote For McKinley.

Washington, Sept. 11.—Former Secretary Carlisle and Mr. James D. Richardson make no secret of what transpired at their interview in New York. Mr. Carlisle told Mr. Richardson that he did not endorse the McKinley policy in regard to the new territory, and did not intend to vote for McKinley, but he declined to write a letter on the subject or to make any public expression, declaring that he was now a private citizen and did not intend to engage again in public affairs.

Clark—Quite a percentage of corn blown down and damaged. Pastures better than I ever saw them.

Carlisle—Crops in bad condition for want of rain. Some hog cholera.

Christian—Severe drought, with very hot weather, which has materially damaged corn and tobacco. Much tobacco cut too early to prevent its drying up.

Caldwell—Tobacco has dried at ground until quite a proportion of plants have but four leaves; pastures dried up.

Crittenden—Apples are noticeably good on high bluff lands.

Davies—Tobacco firing badly and being cut prematurely.

Fulton—Corn in low lands total failure; 50 per cent. is a large estimate all round.

A SCIENTIFIC DISCOVERY.

Dr. Agustus Ruggles, Treasurer of the Greater New York Medical Association, has just issued a pamphlet in which he claims to have discovered a new remedy which he calls DIAMOND DIGEST TABLETS which can be applied to cure dyspepsia and indigestion. This is the first time that this remedy has been publicly advertised and it is believed to be the only one endorsed by prominent physicians.

DIAMOND TABLETS DESTROY DYSPEPSIA

They properly digest every particle of food taken into the stomach, and are positively guaranteed to cure the worst forms of Dyspepsia, Indigestion, Nervousness, etc. They are also a powerful stimulant, restoring the bowels and liver to perfectly natural action in a short time.

Hill and Tom Johnson will speak in Louisville.

President Kruger of the Transvaal has taken refuge in Portuguese territory and Lord Roberts has proclaimed the republic a colony of Great Britain under the name "Vaal River Colony." The Orange Free State was some time ago subdued and the two South African republics are thus wiped off the map. The British soldiers killed or dying of disease, 9,271, while 27,367 were sent home as invalids. The Boer losses are not known.

Great Coal Strike is On.

On Saturday night 40,000 of the 141,000 coal miners in the Anthracite region of Pennsylvania quit work, inaugurating a strike that is likely to cause a coal famine. It is confidently claimed by the labor leaders that the strike will early this week assume still greater proportions and perhaps as many as 110,000 men join in the strike. The strike will also have its effect on the railroads, as there is said to be a general determination among the union trainmen not to haul coal mined by non-union labor. The strike finds the mines around Hazleton and Scranton, Pa., with about two weeks' supply of coal on hand. The strike grows out of two demands of the workmen. They ask for an increase of wages, upon the ground that they cannot live on their wages of from 90 cents to \$1.25 a day, as the cost of living has been greatly increased by trade combinations and their wages are no higher than they were before the trusts were given control of the markets. Another demand is that the superintendents recognize the authority of the United Mine Workers of America to settle grievances for the miners. The mine owners will concede nothing and announce that every striker will be at once discharged and his place filled as soon as possible with a non-union miner, who will be protected while at work. This means that collisions may occur and organized labor generally become involved. The local effects of the strike will be felt in a State whose Republican majority is too large to give the labor troubles much political significance, but it may cost McKinley enough votes in the doubtful States to change the result of the election in November.

Cotton took a sudden rise Friday and Saturday and reached the high water mark of ten cents. The Galveston storm had a good deal to do with the rise, as a considerable part of the visible supply was destroyed. There is also a crop shortage reported but fluctuations in the market were due principally to speculative sensationalism.

In the Johnstown flood in 1889 the number of lives lost was about 2,400. A conservative estimate places the number of the Galveston victims at more than twice as many, while 200 lives were lost in the small towns adjacent to Galveston.

Sues for \$1,000.

R. W. Francis has sued J. M. Meacham, marshal of Crofton, for \$1,000 damages. Plaintiff alleges that he was wrongfully and unlawfully arrested and locked up by defendant.

Deafness Cannot be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous membranes of the ear.

When this tube is inflamed you have a rumbling sound or imperf. at hearing, and entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten cured by cathartics which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by cathartics) that cannot be cured by Hall's Catarrh Cure Seed for oil.

GARBER-YOUNG.

Postponed Wedding Followed By

An Elopement.

Dr. J. B. Garber and Miss Era Young, a handsome daughter of Mr. John Young, eloped to Clarksville, Tenn., Saturday night, and were married.

Their wedding was announced to come off August 9, but for some reason the marriage did not take place.

Dr. Garber is a well known veterinary surgeon who came to this city from Bowling Green, a few months ago. He is about 45 or 50 years of age. His bride is a very attractive young lady less than half his age.

HEADQUARTERS.

Voters' Register Opened and More Clubs Organized.

The voters' register was opened yesterday at Democratic headquarters and about 100 voters signed the pledge during the day, to vote and work for the election of the whole Democratic ticket. This is expected to be a very popular and useful feature of the organization.

A large number of ladies called in the large reception room Saturday evening and many of them played selections on the piano.

Last night the Democrats of Precinct No. 3 met and organized a big club. The meeting was held in the assembly room at Headquarters. To-night a similar club will be organized by voters from Precinct No. 4.

Illinois Central Preparing to Enter That Field.

Clarksville, Tenn., Sept. 15.—The rumor has been revived here that the Illinois Central railroad will absorb the L & N. railroad branch from here to Grassy, Ky., and there by connect here with the Tennessee Central that will be completed from Harriman, Tenn., through Nashville to this city in eighteen months. It is persistently rumored, too, that the Illinois Central is back of the Tennessee Central.

TEN CENTS

Will Admit To The Elks Fair and Carnival.

The Elks Fair and Carnival at Mercer Park will begin next Tuesday and promises to be a big success. The admission to the Park will be only 10 cents.

THE GREATEST ATTRACTION IN THE COUNTRY

Achille Philion.

One of the principal free attractions of the Elks' fair will be Achille Philion's daring act. Standing on a large globe, he so propels the object with his feet that he mounts a spiral roadway to the dome of the tent. The roadway narrows as it ascends until at the top it is no wider than the ball upon which the performer stands. There are no guards on the side and the artist does not carry a balancing pole. One false step, one second's loss of balance and he would be plunged to the ground where no net is spread to receive him. In the evening the apparatus is illuminated by electric lights. This performance will be given every afternoon and every night.

FIRE NEAR CROFTON.

Axe-Handle Factory and Contents Reduced to Ashes.

Crofton, Ky., Sept. 15.—Harned & Simmons' axe-handle factory, situated about half mile from this place, was destroyed by fire last night, together with considerable crude stock and a car load of choice handles, which were ready for shipment. The fire it is thought, caught from a flue. The loss is several hundred dollars and there was no insurance. It was a branch factory of the large establishment of J. W. Harned & Bro., of Adams, Tenn., and a handsome business had been enjoyed by the firm.

QUARRELED AT DANCE.

At a colored dance one mile west of the city Saturday night Will Wallace and Will Nance became involved in a row that may result fatally to the former. It is claimed that Wallace drew a knife and was advancing upon Nance when the latter opened fire. One ball took effect in Wallace's head and the other in his body. He was brought to his home in this city, where he now lies in a critical condition.

Nance came into town yesterday and surrendered to the authorities and was placed in jail.

OLYMPIA OPERA CO.

The Elks Fair attraction at the Opera House next week is one of the best and largest high class Opera companies on the road. The Olympia Opera Company will on the 27th, 28th, and 29th present four operas (including matinee) viz: "Said Pasha," "Olivette," "The Chimes of Normandy," and "The Black Hussars." The New Orleans Picayune says of the company:

The Olympia Opera Company last night gave Audran's tuneful opera of Olivette in a really charming manner. Mr. William Herman West was excellent as Captain de Meremus and Mr. E. L. Weston made a dashing lover as Valentine. Wm. Hicks made much of the comely role of Coquelicot, the foster brother. Miss Lottie Kendall looked exceedingly handsome and stately as the Countess de Rousillon and Miss Mattie Wood made a delightfully fascinating Olivette.

Deputy U. S. Marshal L. Yonts, of this city, and W. H. Overby, deputy internal revenue collector, of Henderson, have returned from Todd county, where they succeeded in capturing three stills, with outpicks, though the moonshiners escaped. The party captured the first two stills without trouble, but at the third a desperate resistance was offered them by the moonshiners, and the still was captured only after a hot fight.

ELKS SECURE INJUNCTION

To Obtain Possession of Mercer Park for Their Fair.

The Elks had considerable trouble and annoyance last week over a claim set up by Miss Flannie Morton to the possession of Mercer Park. She claims to have rented the ground as a pasture for her cow until October and demanded a large sum for the use of the Park during the carnival next week. The Elks refused and were backed up in their refusal by the owner of the Park. Miss Morton thereupon locked the gate and took forcible possession of the Park. The Elks went before County Judge Candler and obtained an injunction, prohibiting Miss Morton from interfering with their occupancy of the Park. This injunction was ignored and a committee went to Cadiz to see Judge Cook and the circuit judge came to Hopkinsville Saturday afternoon to try Miss Morton for contempt.

Miss Morton, who had been put under bond, was sick and unable to attend, according to the testimony of her physician, Dr. W. M. Fugua, and the contempt proceedings were postponed until Sept. 25 and the injunction was made mandatory and the sheriff appointed to open the park gate and keep it open. The work of preparing the Park for the Carnival was resumed yesterday and all is moving along smoothly once more.

DAMAGE SUIT.

Administrator of George Gray, Wants Ten Thousand Dollars.

The administrator of George Gray has sued the Illinois Central Railroad Company for ten thousand dollars damages. It is alleged in the petition that Gray, a colored man who lived in this city, was killed by one of the company's trainmen in Henderson one night last January and that his death was due to gross carelessness on the part of the railroad company's agents. The suit was filed here and the case will be tried at the fall term of Circuit Court, which begins next Monday.

This is a seven month's record, beginning in February and completed in August.

The record of the company in regard to profits to its investors places it far in advance of all would be rivals. Of the first month's coupons (2000) sold, on the seventh redemption in August, only 485 were left on the books, which means that over 75 per cent. have been paid off at their full redemption value. Of the second month's stock 1/2 has redeemed over 20 per cent. or more than one-fifth of it. Of the 3rd, 4th, 5th and subsequent month's stock sold, not including the special redemption of the Hopkinsville branch, an average of 18 2/3 per cent. has been redeemed. Under the action of the Directors of the Company, a special redemption was granted to the Hopkinsville Branch of The Union Finance Company, for out of the first month's stock of 1500 coupons sold in August, 500 were redeemed in August. The Company also grants to those of the Hopkinsville Branch who buy stock during the month of September a numerical value of 10. So that any purchasers who holds as many as ten coupons may be sure of at least one redemption. Again the Company has already paid in the redemption of coupons in the short space of its life \$15,412, an average of over \$2,200 per month. Of the 9360 sold in Henderson and Owensboro, the Company has called in, redeemed and canceled 2984, which is nearly 32 per cent. of the total on the Home Office books, and which makes a splendid average of 426 coupons for each of the seven months.

The leading features of a good Investment Co. may be enumerated as follows: 1st. The integrity & ability of the men controlling it. 2nd. The contract or plan. In regard to the first the following testimonial of Mr. B. G. Witt, of Henderson, who is cashier of the Ohio Valley Banking & Trust Co., is submitted, endorsed by such people as Wyatt Ingram, Jr., of Farmer's Bank & Trust Co.; Clay & Clay, Yeaman & Yeaman; "Henderson, Ky., June 30, 1900. Me-srs. Laffoon & Langley, Madisonville, Ky., Dear Sirs: Replying to your inquiries concerning the standing of The Union Finance Company of this place and its officials, we are pleased to state very positively that its rating here in financial circles is of the best character. Its directorate is composed of some of the most conservative and successful business men in the commercial activities of our city. Their control and management assures the business public honorable and fair dealing. Respect, B. G. Witt." With regard to the second feature, viz: "The Contract or Plan." The salient points of a good plan or contract may be stated. 1st. One which guarantees economy in its management, 2nd, One which yields the largest profits, consistent with safety, 3rd, One which most amply guards all of its investors. Touching the first point, The Union Finance is the only Company in the world which gives every assurance that the expense of putting the business on the books will be kept at the minimum and it also secures a saving of time to the investor of from 3 to 6 months. The books of The Union Finance up to this date will show a total expense of less than 25c per coupon now on its books. Referring now to the 2nd point. The Union Finance pays a maximum value of 200 per cent for every dollar paid in. Then again the Reserve Fund of The Union Finance, that bulwark of safety to the certificate holders, is a larger and more adequate provision made in the plan of The Union Finance than in that of any other Company in existence, for in addition to the 15 per cent of every dollar paid in, which goes immediately into the Reserve Fund. There is an additional clause which when a coupon is redeemed a dollar from the Redemption Fund may be added to the Reserve, also all fines, forfeitures and reinstatement fees belong to it, so that considering the fact that 65 per cent of every dollar, a larger Redemption Fund than is provided by most Companies, goes into the Redemption fund of this Company, it is clear to any unbiased mind that the plan of this company is more safely guarded than that of any other.

A DAY IN JAIL.

Jury Returns Verdict of Involuntary Manslaughter.

Clarksville, Tenn., Sept. 16.—After being out for about two hours with the case, the jury trying L. M. Clardy for the killing of young Will Southall, returned a verdict yesterday evening of guilty of involuntary manslaughter, and fixed his punishment at one day in the county jail.

The case has attracted more interest than any other probably that ever came up before a Montgomery county jury. The killing for which Clardy was on trial was committed a year ago last July in a tobacco patch on the Southall farm in the Fourth District. Will Southall and Zephia Clardy were playmates, schoolmates, lovers. One night he took her to a prayer-meeting in his buggy, and on the return accomplished her ruin. By promise of marriage, threats and persuasion, he wrought upon the girl to continue improper relations with him for several months. Reports of it came to Clardy's ears, and on broaching the subject to his daughter, he was told the truth. He came to Clarksville, procured a marriage license and a box of cartridges, and returned to his home in the Fourth District. A day or two after he went to where Southall was at work in the field, and according to testimony, gave him choice between death and marrying the girl he had wronged. Upon his refusal to accompany him to the house and marry the girl, the outraged father shot her three times in the body with turkey shot, killing her instantly. Southall's brother, Charley, working about a hundred yards distant, ran up and attacked Clardy, beating him over the head with a heavy stone and leaving him, as he thought, dead on the ground. Clardy recovered, was arrested and bailed out, and his first trial, January last, resulted in a hung jury. The present trial lasted four days.

It will only cost you 50 cents extra to ride all day in a Cotton Belt or Calif. (20 cents a half day). It is a large room, with a large revolving arm chair with plenty of room around you, you can enjoy as much freedom and ease as you please. If you are a smoker you will enjoy the large smoking room with its arm chairs and couch. The ladies will delight in the splendid ladies' lounging room, with its round and charming chairs, and its round smoking room adjoining. You can have your meal in this at any hour you want them; order most anything you want, from a porterhouse steak or a spring chicken down to a sandwich, take as long as you please to eat it, and you will only have to pay for what you order.

The Cotton Belt is the direct line to Texas. It is the main through line from Calif. and Nevada to the southwest. Direct connections are made with all parts of Texas, Indian Territory, Oklahoma and the Far West. Write to us for full information. The mail is open every day, and we will tell you what your ticket will cost, which train to take with leaves and connections, and will send you an interesting little booklet. **TELL THEM I SENT YOU.**

Want to "Lick the Spoons?"

INDIANAPOLIS IND., Nov. 16, '99

DEAR SIRs:—We have been keeping spoons for years and are now without Dr. Caldwell's Syrup. Pepsi.

We find nothing to equal it for stomach troubles and my children like it as well as candy. One night recently my wife was giving a dose to our baby (13 years old) and she said "I can't lick the spoon?"

Her mamma told her she said "Can't I lick the spoon?" It is so pleasant to take the effects are so good. We have to be without Dr. Caldwell's Syrup. Pepsi.

WANTED!

Will be Held in Louisville October 15 to 19.

First in the History of The State

\$10,000 in Purse Hung

Up

The Louisville Horse Show will be held October 15-19th inclusive and from the appearance of the Price List, a copy of which the Herald has just received, the Show will be a credit to the State of Kentucky. The Association hangs up \$10,000, which will be awarded in premiums to sixty-five different classes of horses. Kentucky has never had a real indoor show and the metropolis of the State now promises to make up for lost opportunities.

The Horse Show will be a high-toned affair, society will turn out in its best dress, and altogether it will be the city's biggest Pallenteen. The railroads will grant low rates for both people and horses, and enormous crowds are expected to attend the five exhibitions.

The Louisville Horse Show Association was organized July 9th under the most auspicious circumstances. It has a membership of more than 100 of Louisville's most prominent citizens. It has purchased the Confederate Reunion Hall and is converting it into a big Horse Show building, with an arena 220 feet long and a seating capacity of more than 5,000.

The Horse Show will be an annual affair and will not doubt greatly stimulate the horse breeding interest of the State. Kentucky horsemen are very enthusiastic over the coming show and they will enter a great many horses.

The State is co-operating heartily with the big city and the first show gives every promise of being a distinct success.

HOUSE COMMITTEE.

Said To Have Agreed On a New Bill.

Frankfort, Ky., Sept. 12.—Eight of the twelve members of the House Committee have agreed on the bill to be reported to the House. They are Representatives Castrill, Brown, Bosley, Terrell, Finn, Hickman, Henry and Holland.

The bill is to be drafted by a sub-committee of five members. It is to provide for:

The election by the Legislature of two State Commissioners, one a Democrat and one a Republican, the Clerk of the Court of Appeals to be the third member.

The State Board to select two County Commissioners in each county, the Circuit Clerk to be the third member.

Both State and county boards to be clothed with judicial functions to sit as contest board, and an appeal to be granted to the courts.

The precinct officers to be selected by the County Commissioners and equally divided between the two dominant parties.

A minority report will be drafted by the other four members of the committee. Representatives Orr, Cochran, Kelday and McRoberts.

Hot Spell Over.

The weather reports contain definite evidence that the heated period which has prevailed almost continuously over the eastern part of the United States since the early part of July will be permanently broken by today. The change will be effected by the West Indian hurricane, which moved from the Caribbean sea to the Gulf of Mexico to the Texas coast and passed northward and northeastward over the great lakes to the St. Lawrence valley.

Maine comes forward with a still better report than was received from Vermont. In Vermont the Democratic gain was 9 per cent and the Republican loss 15 per cent of the vote in 1896. In Maine the Democratic gain is 33 per cent and the Republican loss 12 per cent. This means that the majority of 48,000 in 1896 has been cut down to 30,000. The same ratio of gains shown in Vermont and Maine will carry every doubtful State for Bryan and elect him by 100 electoral votes.

Health is a priceless jewel. Every body admits it. Yet the people who protect their gold by burglar alarms, and lock their diamonds in vaults, make not the least effort to protect the jewel they value less. Some day they will find the jewel is gone, stolen by thief. Don't be afraid. They are willing to give everything to get it back.

The quickest and easiest way to the health, is by the use of that radical and rational remedy, Dr. Pierce's Golden Medical Discovery. Diseases which locate in the stomach are easily cured through the stomach. A host of chronic sufferers who had "doctored" for years for a diseased heart, liver or spleen, have by last using Dr. Pierce's Discovery, for a few bloodlettings and organs of digestion and nutrition, and found a perfect cure of the hitherto incurable ailments. The most popular remedy for a time past is "Golden Medical Discovery," is that it has cured so many people "given up" by the doctors.

There is no alcohol, cocaine, opium or other narcotic in "Golden Medical Discovery."

"I have long felt it my duty to acknowledge to you what your 'Golden Medical Discovery' has done for me," writes Miss Alice Hampton, of 109 East 4th St., New York. "I have had last year a fever and ague one year before taking your medicines, and was pronounced incurable. Your medicines would not cure me and sometimes I would feel so bad that I would cry. I had a bad case of womb trouble from which I suffered greatly. When I began to take your medicines I know I would have been in my grave. I have taken three bottles of each of your medicines."

For stomach, bowels and liver, when disordered, use Dr. Pierce's Pleasant Pellets.
